

SPECIFICATION SHEET

AUSTRALIA / INTERNATIONAL

48 LEDs/M
 CRI 90+ / 1200 ~1330 lm/M

ABOUT

- Flexible LED Neon with 360 degree bending profile.
- Various colour temperature options available.
- IP 65 waterproof and yellow-resistant.
- Cutting interval of one LED 45-50mm
- Made to order to custom lengths.
- Can be paired with extrusion AE1616

LED Quantity & Rated Power

48LEDs/M - 18W/M

Maximum Length

10M

Colour Temperature

 2700K / 3000K / 4000K /
 5000K / 6000K

Cutting Increment

45-50mm

Colour Rendering

Index 90+

Size

17mm X 16mm

PCB Width

12mm

Luminous Flux

1200 ~ 1330 lm/M

IP Rating

65

Input Voltage

24V

Angle Selection

360°

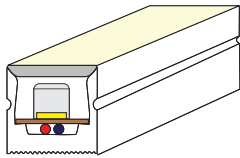

LED Type

SMD2835

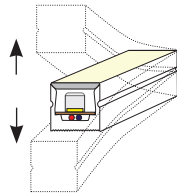

Warranty

2 Years

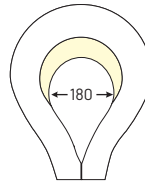

BEND MANUAL

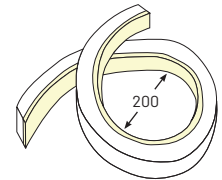

Lighting Profile

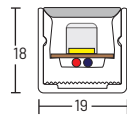

Bending Direction

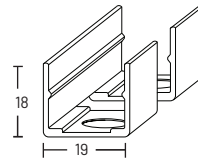

Bend Radius

Bend Radius

Aluminium Profile

Flexible Aluminium Profile
