

Compatible With

Low Voltage LED Striplights

Dimensions

L207mm x W56mm x H30mm

Supplied With

Flex & Plug

Recommended MAX load

< 190W

Warranty

2 Year
Product Replacement Warranty

Special Features

- Time delay switch
- Brightness control switches

Dimmable

No

IP Rating

20

Working Temperature

-25°C ~ + 60°C

Input Parameters

Voltage Range 100 - 277V AC

Frequency 50-60Hz

Current 2.4A (100-240V~) | 0.8A (277V~)

Max Current <2A @110V AC Full Load

Power Factor >0.95 @230V AC Full Load

Efficiency >92% @230V AC Full Load

Inrush Current Cold Start 100A Max @230V AC

Output Parameters

Voltage 12V DC $\overleftrightarrow{=}$ (Constant Voltage)

Rated Power 200W

Rated Current 16.7A

Current Accuracy \pm 1%

Brightness Control 100% — (1) OFF | (2) OFF

75% — (1) ON | (2) OFF

50% — (1) OFF | (2) ON

25% — (1) ON | (2) ON

Case Temperature

T case = +85°C
