

Compatible With

Low Voltage LED Striplights

Dimensions

L237mm x W62mm x H34mm

Supplied With

Flex & Plug

Recommended MAX load

< 332W

Warranty

2 Year
Product Replacement Warranty

Special Features

- Time delay switch
- Brightness control switches

Dimmable

No

IP Rating

20

Working Temperature

-25°C ~ + 60°C

Input Parameters

Voltage Range	100 - 277V AC
Frequency	50-60Hz
Current	4.2A (100-240V~) 1.4A (277V~)
Max Current	<3.6A @110V AC Full Load
Power Factor	>0.95 @230V AC Full Load
Efficiency	>92% @230V AC Full Load
Inrush Current	Cold Start 130A Max @230V AC

Output Parameters

Voltage	12V DC $\overleftrightarrow{=}$ (Constant Voltage)
Rated Power	350W
Rated Current	29.2A
Current Accuracy	±1%
Brightness Control	100% — (1) OFF (2) OFF 75% — (1) ON (2) OFF 50% — (1) OFF (2) ON 25% — (1) ON (2) ON

Ambient Temperature

50°C

Case Temperature

T case = +85°C
